## Introductory Chemistry Revell I.e Freeman

**using presentation software to flip an undergraduate ...** - revell recently described the use of new technologies in an introductory chemistry course and found that a combination of technologies "appears to have a positive impact on retention compared with previous semesters."<sup>15</sup> in this work we describe the application of a flipped course approach to an undergraduate analytical chemistry course **predicting student success via online homework usage - eric - watson, & walters, 2013**). a similar effect was noted in an introductory chemistry course; the more students completed online homework assignments, the better they did as measured both by final course grade and performance on the standardised acs (american chemical society) final exam (revell, 2014). as **a comparison of the usage of tablet pc, lecture capture ... - a comparison of the usage of tablet pc, lecture capture, and online homework in an introductory chemistry course kevin d. revell\* department of chemistry, murray state university, murray, kentucky 42071, united states th annual north park university undergraduate research ... - 6th annual north park university undergraduate research symposium tuesday, april 17, 2012 north park university ... introductory organic chemistry matthew baumer1 north park university anne vázquez, phd ... 1980; revell, 1977)** she also appears to be the only one to have offered an explanation as to why certain of these
